

MEN TELL HOW THEY WERE MADE TO RUN GAUNTLET AT HERRIN

**Mob Emulated the Early Aborigines Except
That They Did Not Treat Those Who Were
Successful as Well as the Indians Did—
Some of the Survivors Arrive in Chicago**

(By The Associated Press)

CHICAGO, June 27.—Men who successfully ran the gauntlet of bullets in the Herrin, Ill., mine war and then eluded strike sympathizers who patrolled the roads near Herrin arrived here today. The refugees told their experiences to attorneys for the Southern Illinois Coal company and the evidence will be used by the company in suits it expects to bring against the United Mine Workers of America and the county of Williamson to recover damages.

Several of the half dozen men arriving today were captured at the Herrin mine last Thursday morning by striking miners and strike sympathizers. Their comrades were shot down when the captors indicated a barbed wire fence and told them to "run for it."

Fred Macey, a full blooded Cherokee Indian, employed at the Herrin mine, told the attorneys his story of running the gauntlet offer.

"They say run to fence," he explained. "They raise guns, me know what come. Me zigzag this way, that way. Me dodge bullets, jump fence."

Macey came through without a scratch. After escaping the first hall of lead, he said he hid in a thicket while armed men beat the brush near him in search of any who had escaped.

Vernon Wilson of Battle Creek, Michigan, a carpenter was wounded in the shoulder when he tried to escape through the barbed wire fence at the command of his captors. He also hid for several hours, then attempted to make his way out of the Herrin district.

As he crossed a field a short distance from Herrin he said a farmer saw him and took a pot shot at him but missed. Thereafter he hid in thickets in the day time and traveled at night until out of the danger zone. He arrived in Chicago Sunday with his wounded shoulder still unattended. He was sent to a hospital here.

Another man said that while he was hiding in a thicket an airplane which he believed was being used by the strikers flew only a few feet above his head.

Some of the refugees said they had appealed to the sheriff at Marion, Illinois for protection and asserted that he had told them that they better leave town in a hurry.

Watch Mob From Thickets. Others told of hiding for hours in thickets while watching automobiles filled with miners patrol the roads in search of employees of the mine who had escaped. One man said his captors told him Superintendent McDowell of the Herrin mine had been taken behind a barn and shot 26 times.

Follett J. Bull of the firm of Bull, Lytton and Olson, counsel for the Southern Illinois Coal company, said he had sent a man, a former resident of Williamson county, to Herrin to find if the wounded men in the hospital there could be removed.

Says Wounded in Danger. "This man informed me it would be folly to attempt it," Mr. Bull said. "These men are in danger of attack at the hospital. Certain death awaits them if they attempt to leave. We do not dare to send out of our own representatives to Herrin. We cannot even try to identify the dead, care for the wounded or make a survey of the damage done to the mine."

"Our property—what there is left of it—has been absolutely unguarded since the massacre. General Milton J. Foreman, sent in to the region by the governor reported there was no need of troops so long as no mines were operated or repairs to mines were not attempted. I presume an attempt to make an inventory of the losses to our property there would constitute an alarming situation."

"There is not a man in Williamson county who will brave the wrath of the strikers. Their sheriff openly admits his sympathy with the strikers. The attorney general has told me that he cannot do otherwise."

GOVERNMENT IS STILL WORKING FOR SETTLEMENT

**Difficult Negotiations
Necessary Before
Coal Strike Ends**

(By The Associated Press)

WASHINGTON, June 27.—Assurances multiplied today that the attempts of the administration to bring about a settlement of the bituminous coal strike have neither been dropped nor abated. From the White House came the word that President Harding felt difficult and delicate negotiations necessary before the spokesmen of the striking miners and the representatives of the mine owners could be gotten together for a wage agreement, and resumption of work. Further, there were intimations that government intervention now confined to persuasion and suggestion, might in some way become pointed and forcible should the public safety and welfare demand early settlement and the present means prove futile in bringing it about.

John L. Lewis, president of the United Mine Workers of America, remained in Washington, after his Monday meeting with the president. His presence indicated that he needed again it was pointed out, if the government spokesmen who are also in touch with mine operators should develop a suggestion for his further consideration.

There were intimations that officials were considering a plan to bring a few representative operators together with Mr. Lewis and other responsible leaders of the miners' union to discuss informally prospects for holding a conference authorized to make a wage agreement. In all the discussions it was flatly declared that the government would not announce in advance, adoption of any plan for dealing with the strike but that some action might be expected.

Latest estimates in the possession of the government indicate there are still approximately 600,000 miners on strike, about 91,000 of this number being non-union men. On July 1 it was stated today by government officials who have followed the strike, the surplus coal supply will be at danger point. Already they said the anthracite surplus supply is exhausted and within a week it is probable the bituminous supply will be around 10,000,000 tons which in the opinion of government experts represents a critical situation.

The burial will be in Mound Grove cemetery, where the final services will be conducted by Rev. B. F. Eckley, former pastor of the Trinity M. E. church.

The pall bearers, selected from among the close friends and associates of the governor, are Mrs. Small, will be Colonel C. R. Miller; E. A. Jeffers; L. B. Bratton, O. K. Baldwin, P. M. Enos and J. H. Dodson.

English Minister Issues Warning to the United States

Must Take Care That She Does Not Become Hatred Among Nations

(By The Associated Press)

SPRINGFIELD, Ill., June 27.—Warning that United States, "the millionaire among nations," take heed that she become not as the millionaire to the poor man, the "most hated among nations," was sounded here tonight by Dr. Frederick W. Norwood, pastor of the City Temple of London, England, in an address on the British empire, delivered before the Mid Day Luncheon club.

Dr. Norwood said the world praised the United States for its charity, but added that "charity is not the same as brotherhood." He declared that England "will pay back every penny" of the war debt to the United States, will even give it back with a vengeance.

"Right there," he added, "is where I fear the cleavage will come, and hearts be made sore." England, however, will soon cancel all war debts owed her.

Labor Will Have Constitution Analyzed

(By The Associated Press)

SPRINGFIELD, Ill., June 27.—Expert analysis of the proposed new constitution, upon which the people of Illinois will vote December 15, will be obtained by the labor unionists of Illinois before they take sides in the campaign.

This was decided here today by the joint legislative board, which gave its approval to the proposed labor article and called a special convention to meet after the constitution is completed, at which the expert analysis will be given, the labor's attitude defined. The date will be set later.

This convention will include prominent leaders of the Illinois Federation of Labor, the United Mine Workers, Railway Workers, Women's Trade union league, and Farmers and Teachers organizations. Sections of the constitution which will determine labor's attitude include the labor article, the tax sections, public utilities, franchise and financial sections.

The labor article which the board approved today has received a plurality of votes in the constitutional convention but not enough to pass it. It follows:

"No law shall be passed denying the right of workmen to organize into trade and labor unions and to deal and speak thru representatives chosen by themselves."

DR. DOLLEAR SOON TO RETURN

Dr. A. H. Doller of the Northern Sanatorium is expected to return to the city soon. He was the delegate of the local Rotary club to the international convention in San Francisco, and since the termination of the convention has been touring the western states.

VISIT BOY SCOUTS

Several people went to Meredosia yesterday to visit the boys of troop No. 4 who are encamped there. Among those who went were Mrs. D. Cummings, Miss Virginia Cummings, Miss Dorothy Smith, and Miss Margaret Marshall. The visitors went by auto and returned last night reporting a very enjoyable trip.

Condensed Telegraph News

(By The Associated Press)

GALESBURG, Ill., June 27.—Public utilities plants in this city report they have enough coal to last until September 1. The Burlington Paving Brick Co., which ordinarily employs several hundred men during the summer, is idle because of lack of coal to keep the ovens going. It has not been in operation since the coal strike was called. Other industries here report enough fuel to last a month or longer.

QUINCY, Ill., June 27.—Quincy industries have not yet felt the pinch of the coal strike, nearly all of them having a 30 day supply of fuel on hand. Several of the larger ones as well as the public utilities are using hydro-electric power from the Keokuk dam. The gas company has a good supply of coal on hand.

WINDSOR, Ont., June 27.—A. Stewart Baldwin, 61 years old of Chicago, vice president of the Illinois Central Railroad died suddenly of heart failure while en route from New York to Chicago on a Michigan Central train last night, the crew reported on arrival here this morning.

ROCK ISLAND, Ill., June 27.—Frank O. Lowden, former governor of Illinois gave the address of welcome at the opening session of the supreme council of the Veiled Prophets of the Enchanted Realm this morning in Masonic Temple. There were also words of greeting from the mayors of Rock Island, Moline and Davenport. The response was by Supreme Monarch Charles E. Wardwell, of Rome, N. Y.

SPRINGFIELD, Ill., June 27.—Orders were issued by the Illinois Commerce Commission today directing the Cairo Electric and Traction company and the Bloomington & Normal Railway and Light company to file a report covering operations for the year 1921, and to follow it with regular quarterly accounting reports.

REPORT MADE ON COAL SUPPLY OF PUBLIC UTILITIES

That of Small Companies is Reported as Running Low

(By The Associated Press)

SPRINGFIELD, Ill., June 27.—Latest reports from utility companies of Illinois to the Illinois Commerce Commission show they have all a sufficient quantity of coal to continue operation for at least thirty days more, it was announced this morning. Several small companies reported their supply running low but added that they are not dependent upon their own generation but would draw from one of the large inter-community companies.

Coincident with this optimistic report, announcement was made that President Frank Farrington of the Illinois United Mine Workers had refused the request of the Southern Illinois Light & Power Company and the North Shore Gas Company, that mines which supplied them might be given permission to resume work, to supply public service companies only.

Both these companies, it was reported are in good shape. They are protected, it was said, both by their contracts for coal, and by large reserve supplies. Their request to the Mine Workers was made with the intent that Illinois coal be used in making gas, instead of Kentucky or Pennsylvania coal.

"There is no doubt," it was announced at the Illinois Commerce Commission, "that the utilities companies using coal are prepared for the strike far better than the other industries. The Illinois Traction System has coal to last ninety days. Some companies still have enough to run them six or eight months. Many companies are not dependent upon coal, but draw energy from the Mississippi River power company."

"All the big inter-community companies are also well supplied," it was announced.

CHIEF JUSTICE THOMPSON WILL NOT BE CANDIDATE

QUINCY, Ill., June 27.—Chief Justice Floyd Thompson of the Supreme court, will not be a candidate for the Democratic nomination for governor, the Whig-Journal announced today. Several county committees have endorsed his candidacy in resolutions and he has received many letters requesting him to make the race. Justice Thompson was elected just a year ago for the second time, and he says he cannot see his way to tender his resignation. An other reason given was that he "could not afford the cost of making the race."

ALEXANDER CLUB WILL MEET TODAY

The regular meeting of Alexander Woman's club will be held this afternoon at the home of Mrs. W. H. Schott. A program of special interest will be presented, including two papers, one by Mrs. Charles Drury on "Margaret Deland" and the other by Mrs. C. H. Beerup on "Mary Johnston." The usual social hour will follow the program.

DECATUR, Ill., June 27.—Most of Decatur's large industries have enough coal on hand to run until August 15, survey of the situation showed today. The city pumping plant can operate until October 1.

The Decatur Railway & Light Co., has an 18 day supply and getting a car a day from the I. T. S. storage bins.

SPRINGFIELD, Ill., June 27.—Inventories of property of the Southwestern Bell Telephone company at Belleville and East St. Louis, and of the Union Telephone company of Galesburg, were ordered filed with the Illinois Commerce Commission it was announced today.

SPRINGFIELD, Ill., June 27.—Rehearing of its order denying the Big Four railroad the right to discontinue passenger trains No. 4 and No. 19 between Mt. Carmel and Danville, was denied by the Illinois Commerce Commission today.

DIXON, Ill., June 27.—Mrs. Charles Huffman, mother of a large family, was fatally burned by the explosion of a gasoline stove at her farm home thirteen miles northeast of Dixon last night.

RENO, Nev., June 27.—Mrs. Lydia Williams, aspirant for the Republican nomination for U. S. senator from Nevada had taught her male opponents a new political maneuver and her tactics are arousing lively interest.

The feminine senatorial candidate is following the circus companies across the state and in this way finds opportunities to address large audiences.

BELVIDERE, Ill., June 27.—Tons of gravel crushed and freighted Mallev, 6 years old, of Earlville, Ill., to death today on a farm near here, where he was visiting. His brother Lyle Malley, was also caught in the cave-in but was rescued.

LABORS OF CON CON NOW SEEM TO BE NEAR AN END

Deadlock Broken When Cutting and Dupuy Join Majority

(By The Associated Press)

SPRINGFIELD, Ill., June 27.—End of the arduous labors of the constitutional convention was in sight tonight. Breaking a deadlock, which has impeded progress for more than a week, the delegates today adopted the majority report of the judicial committee, which holds the supreme court at seven members, and retires all present members at the ends of their regular terms. The minority report, offered by Delegate Herman of Rushville, would have extended the term of Justice Cartwright from 1924 until 1927.

The deadlock was broken today when Delegates Cutting and Dupuy cast their votes for the majority report.

Labor lost its chance for specific mention in the constitution when the labor article was voted down, 36 to 17. That and final action on the report of the scheduled committee, cleared the calendar for third reading later tonight or tomorrow.

Upon motion of Delegate Carlstrom from the convention amended the section which would give the state auditor power to audit the books of county and city officials, striking out the words town and school districts. This action will take town and school district books from under the state auditor's supervision.

President Woodward announced that the convention will stop all activity during the hours of Mrs. Small's funeral tomorrow. It was the intention of the convention to adopt a resolution, expressing sympathy for Governor Small.

DRUGGISTS GATHER FOR STATE MEETING

(By The Associated Press)

SPRINGFIELD, Ill., June 27.—Three hundred druggists from all parts of the state met here this afternoon at the opening of the 43rd annual convention of the Illinois Pharmaceutical and Illinois Pharmacological Travelers Associations.

The convention will adjourn Thursday afternoon with the election of officers. Fred Rauth, of Springfield, is president of the Pharmaceutical association; S. L. Antonow of Chicago, is vice president; F. L. Pfaff, of Centralia, is second vice president; M. J. Hogan of Taylorville, is third vice president; W. B. Day of Chicago is secretary, and George M. Bennett, of Urbana is treasurer.

MUSCLE SHOALS APPROPRIATION UP TO HARDING

Signature all That is Needed to Carry on New Work

(By The Associated Press)

WASHINGTON, June 27.—President Harding's signature was all that was required tonight for authorizing the appropriation of \$7,500,000 for new work on the Muscle Shoals dam at Muscle Shoals, Ala. The army bill containing authority of congress to spend the money on the project, effective October 1 next, was passed today by the senate without a change in the language already approved by the house and by conference of the two legislative bodies.

During final senate consideration, however, the measure at certain stages was threatened with being sent back to the house for further conference, Senator Norris, of Nebraska, chairman of the agricultural committee, moving that the senate disagree with the house provision delaying expenditure of the money until October. He was finally overruled by the senate on a vote of 32 to 32.

First Meeting Held.

The first executive meeting of the agricultural committee since it concluded its examination of proposal from Henry Ford, the Alabama Power Company, Frederick Engstrom and Charles L. Parsons for developing the shoals properties also was held today. Senator Norris was understood to have informed the committee that he would submit a report to the senate although he was alone among the 16 members with reference to their offers considered.

The committee's discussion it was learned, indicated there would be at least three reports presented to the senate. That to be drafted by Chairman Norris was expected to recommend development of the projects along lines of the bill he introduced proposing government owned and controlled corporation. Democratic committee men, possibly with the exception of one or two Republicans, it was suggested would recommend that the senate accept Henry Ford's offer. All other members were represented as being undecided as to what their recommendations would be as regards the existing proposals and the determination by congress of a governmental policy for future operations of Muscle Shoals.

CUSTOMS MEN RAID THREE VESSELS

(By The Associated Press)

NEW YORK, June 27.—Customs inspectors late today raided three vessels in port, two flying the American flag and the other a Norwegian flag, and confiscated 2,400 bottles of alleged liquor, all of which was declared to have been smuggled aboard. The ships searched were the United States Shipping Board President Arthur, operated by the United States Lines; the Ward Line Siboney and the Barford, a Norwegian cargo ship.

Reports that the raid aboard the President Arthur in Hoboken, N. J., was conducted as a test case, as a result of the recent ruling of Chairman Lasker of the Shipping Board that ships carrying the American flag may carry and sell liquor outside the three mile zone, were later denied by members of the searching squad.

The raiders found the President Arthur's cargo of liquor intact, but when they searched the hold and other parts of the ship they found 150 cases of alleged liquor, most of it said to be of German manufacture, which, they said, had been smuggled aboard. Officers and members of the crew said they had no knowledge as to how it was brought aboard.

INQUEST IS HELD IN ESMOND DEATH

Coroner Rose empaneled a jury and held an inquest in the death of James T. Esmond Tuesday evening. The hearing was held at the Gillingham Funeral Home.

After hearing the testimony of Mr. Esmond's fellow workmen and that of Dr. A. M. King who attended Mr. Esmond at the time he was taken ill, the jury returned a verdict that death resulted from hemorrhage.

The jury was composed of William Batz, foreman, A. R. Eyre, clerk, J. L. Tayman, H. A. Schattgen, A. M. Bennett and Glen W. Howard.

AUTO OVERTURNS BUT NO ONE INJURED

Mr. and Mrs. G. D. Steiny, tourists of Point Hill, Indiana experienced a very narrow escape from a tragic death last night when the car they were driving overturned west of the city. Mr. Steiny stated that the car skidded on a slight slope in the road causing him to lose control of the machine. No serious injuries resulted from the accident.

STRIKE OF 400,000 RAILWAY SHOPMEN SET FOR JULY 1ST

The Only Thing That Will Stay the Strike, Union Leaders Say, is to Stay the \$60,000,000 Wage Cut—Decision Came After a Lengthy Discussion by Heads of Unions

(By The Associated Press)

CHICAGO, June 27.—A strike of the 400,000 railway shopmen of the country will be called for July 1 unless the railroads agree to stay the \$60,000,000 wage cut due the shop workers on that date and to restore certain working conditions formerly in effect, it was made known tonight thru a telegram from B. M. Jewell, head of the shop crafts, to the association of railway executives.

Decision to call a strike came late today after lengthy discussion by the executive committee of the six shop crafts unions, based on the strike vote of the men thus far tabulated.

The committee left but one loop hole to avoid the strike. If the rail heads arrange an immediate conference, agreeing meanwhile to continue present wages, restore working rules modified by the railroad labor board and discontinue farming out railroad work, a walkout can be halted, the telegram said. Otherwise "a sanction of withdrawal from employment on July 1, 1922, as voted by the employees will be unavoidable."

The telegram addressed to C. DeWitt Cuyler, chairman of the Association of Railway Executives threw no light on the actual strike vote beyond saying it was an "overwhelming majority." Ballots were still coming in, it was said. A two thirds majority is required by the union by-laws to call a strike.

Although the actual call for the walkout was made dependent on the railway executives' reply to President Jewell's ultimatum, little expectation was expressed in railroad circles tonight that the executives would agree to such sweeping demands as those made by the unions. Labor leaders promptly said a strike seemed inevitable.

Six international union presidents, forming the executive council of the mechanical section, railway employees department of the American Federation of Labor were responsible for the strike decision. Closed for two days in secret session, they remained silent on their actions until tonight.

The Unions Involved.

The union heads who will issue the strike call, if the proposed conference cannot be consummated, are:

William H. Johnston, International Association of Machinists. J. W. Kline, International Brotherhood of Blacksmiths, Drop Forgers and Helpers of America.

J. A. Franklin, International Brotherhood of Boiler Makers, Iron Ship Builders and Helpers of America.

J. J. Hynes, Amalgamated Sheet Metal Workers International Alliance.

James P. Noonan, International Brotherhood of Electrical Workers.

Martin F. Ryan, Brotherhood of Railway Trainmen of America. Declaring that the railroads have acted on a common program to reduce wages and obtain other advantages to the carriers, President Jewell's message pointed out "one benefit which may come to the carriers and to the general public from the fact that there are national spokesmen of the conflicting interests who might be able to halt a nationwide withdrawal of men from employment in the railway service, if the railway executives sincerely desired to avoid this consequence of their previous course of action."

"For this reason, the telegram said, "in behalf of and by the authority of the executive council of the railway employees department I am informing you and thru you informing the respondents (Continued on Page Five.)"

WASHINGTON STIRRED BY REPORTED CAPTURE

(By The Associated Press)

WASHINGTON, June 27.—Seizure of forty American employees of the Cortez Oil Company at Tampico, Mexico, reported to the state department today as security for a ransom of 15,000 pesos created a stir in official circles in Washington. Lacking further information as to what has happened behind what is apparently a rigid censorship at Tampico, however, there was little to indicate tonight whether the incident would lead to any change of attitude here toward the Obregon government in Mexico.

At the white house, it was said that relations between the United States and Mexico were not likely to be affected in any way by the bandit outbreak and the recent kidnapping for ransom near Nuenavaca, some sixty miles from Mexico of Bruce Blaisell, formerly chief of the Bureau of Investigation of the department of justice and more recently identified with American oil interests having property in Mexico.

SENATOR WALSH MAKES ATTACK ON TARIFF MEASURE

Debate Lasted so Long No Vote Was Taken on Amendments

(By The Associated Press)

WASHINGTON, June 27.—The agricultural schedule in the administration tariff bill was attacked today in the senate by Senator Walsh of Massachusetts, a Democratic member of the finance committee and defended by Chairman McCumber, of that committee and Senator Gooding, Republican, Idaho, chairman of the Republican agricultural tariff bloc. The debate continued for several hours with a result that no one of the committee amendments in the schedule was voted upon.

The paragraph dealing with duties on cattle and fresh beef and veal finally came under consideration and without a record vote amendments by Senator Walsh, to reduce the committee rate to substitute 8-10 cents a pound for 1-1-2 cents a pound on live cattle weighing less than 1,050 pounds 1-10 cents a pound for the two cents a pound on such cattle weighing more than 1,050 and 2 cents a pound for fresh beef and veal in place of the committee rate of 3-1-2 cents.

Asserting that the bill was "an attempt" to make a raid on the consumers of the country such as "never has been dreamed," Senator Walsh declared that if effective the duties proposed on meats, cereals, potatoes and apples alone would increase the cost to the consumers by \$1,316,000,000 annually or about \$80 for the average family of six. This did not take into account, he said, the increased costs that would follow from the duties on butter, eggs, poultry, fruit, fish and the many other foods in the schedule.

Discussing what he denominated as the influence of the Republican-Agricultural tariff bloc on the senate finance committee majority in the framing of the bill, Senator Walsh said that this "influence and pressure" was successful as shown by the fact that the committee increased from 20 to 35 per cent the duties on commodities in which bloc was interested on all other products in the agriculture schedule. He asserted also that rates were lowered on agricultural products of the Democratic states of south and said it was "inconceivable that a political party would carry partisanship to such an extent."

Senator Walsh said he did not know of any schedule in the bill that was more "defensible" than the agricultural schedule; that would result in "such serious consequences" to the American people and to the economic situation in this country and he expressed the hope that the committee majority would follow in this case its policy of making reductions in rates originally written into the bill.

McCumber Replies.

Replying for the committee, Senator McCumber declared he was willing to take his share of the responsibility for the increase over the house rate, adding that they would have been made bloc or no bloc. He said he was glad (Continued on Page Four.)

Still another sign of better business is found in the fact that the Chicago employment situation has improved 18 per cent in a month's time. That is significant because it marks not only general improvement in business but also that lawlessness in the wane in the building trades.

Secretary Mellon is asking the attorney general's department for a ruling on the question of serving liquor on American ships beyond the three mile limit. When that ruling is given the case should be hurried along to the supreme court so that an end may be made of discussion of the subject.

In other years some of the conferences held at the White House have not been productive of much practical benefit. However, that has not been true of the Harding conferences. Each time the president has consulted with the "best minds" something definite and worth while has resulted. So the public will look hopefully on the fact that the president has

conferred with President Lewis of the mine workers, and is insistent that something must be done to put an end to the mine shut down, which has continued so long that the prospect looms of a winter shortage.

The president can present sound argument why something should be done to relieve the situation, and has enough authority to make a wonderfully impressive background for his suggestions.

William Randolph Hurst, who is often condemned on the charge of "yellow" journalism, is credited by Mr. Forbes, financial expert and writer, with being a man of wonderful ability. Certainly either Mr. Hurst has a long business head himself, or else he has the faculty of picking men of ability to manage his huge affairs.

It is said that he now owns about 40 newspapers and magazines, in addition to being actively interested in one of the big movie concerns. Additions are made quite frequently to the Hearst holdings and there seems to be no limit to his ambition.

The American publisher should take warning from the case of Lord Northcliffe, the great English newspaper owner. Lord Northcliffe fed his ambition by the acquiring of newspaper properties, built up a marvelous influence in England, and recently collapsed. The mental strain was too great.

NEW FACTORY IS DISCUSSED FOR LOCATION HERE

An important meeting of the directors of the Chamber of Commerce was held last evening following a fine supper at the Peacock Inn. President Rowe presided at the meeting and the regular business routine was followed.

The members were greatly enthused over the possibilities of the location of another factory in this city. The discussion of this proposition took up the greater part of the evening and it is believed that the projects will terminate in one of the biggest industrial advances that Jacksonville has experienced in years. The name and nature of the new factory can not be made public as yet because of the fact that several other cities are working hard to pull it to their respective localities.

Several representatives of the factory were present at the meeting and explained the proposition to the Chamber members. After the factory proposition had been placed before the body a committee was selected from the present industrial committee to investigate and report to the regular body as soon as it is at all possible. The committee consists of: T. A. Chapin, chairman; E. H. Gray, H. L. Caldwell, L. H. Horen and H. E. Wheeler.

This committee is to serve thru the rest of the present year and will be an important influence in the industrial extension of Jacksonville.

The question of the installation of additional furnaces for the use of tourists in Nichols Park was referred by the Chamber of Commerce to the Chamber of Commerce.

The question which arose over the part payment of work on the Winchester - Jacksonville road was referred by the Chamber of Commerce to the Chamber of Commerce.

UP TO PEOPLE FOR OUTING OF KIDDIES

Fund Required For the Event is Far From Completed—Recent Donors.

Whether or not the sixty poor children of the city are to begin the outing that has been planned for them by the Social Service League is yet to be decided by the people of the city. The fund required by the league to send the children is as yet far from complete although it is hoped that response from the people will make it so in a very short time.

Thus far about a hundred and thirty-five dollars have been raised toward the necessary \$300, the greater part of which was donated by the Illinois College Conservatory students as the proceeds of a concert given some time ago.

Subscriptions have been coming into the league, but not nearly as fast as was expected. The young people are in the height of expectation for their proposed outing and it would now be a pity to deprive them of it.

Several subscriptions have been received other than those previously mentioned. The recent donors are:

W. H. Hargrove \$5.00
Mrs. Charles Fawcett \$5.00
Walter Wright \$5.00
Mrs. W. H. Mason \$1.00
Dr. Josephine Milligan \$2.00
Miss Margaret Moore \$2.50
Mrs. John Kestrup \$1.35

SHOWER IS GIVEN FOR BRIDE-TO-BE

Miss Louise Vandever is Guest of Honor at Shower Given By Miss Edna Moffett Near Waverly—Marriage to Wayne McCormick Will Occur Here Today.

Miss Edna Moffett entertained a number of friends Monday afternoon at her home near Waverly, the event being a kitchen shower given for Miss Louise Vandever of Palmyra. The marriage of Miss Vandever and Wayne McCormick of Waverly will take place today in this city.

The guest of honor received a large number of very useful and acceptable articles to be used in the culinary department of the new home. Miss Vandever is a daughter of Mr. and Mrs. Charles Vandever of the Palmyra neighborhood. She is a graduate of the Waverly high school, the family home until about a year ago having been near Waverly.

Mr. McCormick is a son of Mr. and Mrs. Orin McCormick of Waverly and is a mechanic in the H. J. Rodgers garage there. He is also a graduate of the Waverly high school. The young people will make their home in Waverly.

WILL MEET TODAY.

There will be a called meeting of the Ladies' Aid Society of Brooklyn church this afternoon at 2:30. All members are requested to be present to discuss important business matters.

Mr. and Mrs. Ed O'Donnell of Winchester were in the city on business Tuesday.

Joseph Ornelas of the vicinity of Clark's Chapel called on city people yesterday.

DEATHS

Doenges.
Mrs. Louise Doenges of Jerseyville died Sunday at her home at the advanced age of 81 years. The deceased was the mother of the late George Doenges of this city, and the grandmother of Mrs. Hilda Perrings and Miss Maurita Doenges of this city.

Groves.
Mrs. Mary Bell Groves, wife of Samuel W. Groves of 319 East Wolcott street, died Tuesday morning at 4:30 o'clock at the family home.

Funeral services will be held at 2:30 o'clock at the Gilham Funeral Home in charge of Rev. A. P. Howells of the First Baptist church. Burial will be in Jacksonville cemetery.

The decedent was born in Adams county, May 16, 1849, daughter of John and Caroline Leaffly Grady. She was married March 8, 1868 to Samuel Groves. She was a devoted member of the Baptist church.

She leaves her husband and the following children: Mrs. Elvia Terry, Chicago; Mrs. Minnie Conrad, Versailles; Mrs. Abbie Stuller, Mercedos and Mrs. Laura Hutson, Jacksonville. The surviving brothers and sisters are: Mrs. Amanda Simpson, Exeter; Mrs. Nora Ferguson, Camp Point; Mrs. Martha Madden, Chapin; Mrs. Anna Davis, Merritt; Charles Grady, Chapin; John Grady, Chapin; George Grady, Siloma, Ill., and Alfred Grady, Chapin.

SAW YALE-HARVARD TEAMS IN STRUGGLE

W. E. Hall Witnessed Game Between Famous Eastern University Players.

W. E. Hall, who accompanied by his niece, Miss Frances Griswold, recently went to attend the commencement exercises at Wellesley where his daughter, Miss Rachel is one of the graduates, is now visiting in the east. Mr. Hall recently witnessed a ball game between the Harvard and Yale teams, and was evidently one of the enthusiastic onlookers. He has written a Jacksonville friend the following description of the game:

"Knowing your interest in baseball, I have wondered if you would not like to receive a short account of the second game in the final series between Harvard and Yale teams. Don't know whether my girls, Rachel and Frances took me, or I took them, but last Saturday afternoon found us leaving a car at Harvard square Cambridge and joining the crowd on the way to Harvard field.

"The ban on Sunday baseball here does not seem to dampen interest in the sport, as all seats for this game (12,000) were sold, with many standing. Also at the same hour a game was being played in Boston between the Braves and Giants to a capacity crowd.

"Harvard evened up the baseball series with Yale by winning 8 to 7, and the deciding game is yet to be played in New York. The score was tied in the seventh inning when one of the Crimson players singled to center, scoring one of their men from second base with the winning run.

"It was an interesting game all the way thru. The hitting of both clubs was furious, Yale making 12 hits including 3 home runs and one three base, Harvard also made 12 hits, 2 being three base and two others two base.

"One noticed the fine spirit in the crowd, and no decisions were questioned. There was also much cheering and generally the roars of encouragement brought results."

BIRTHDAY SURPRISE FOR WINCHESTER MAN

William Southwell Celebrates Eighty - Second Birthday In Very Pleasant Way - Other Winchester News.

Winchester, June 27.—Mrs. Charles Coultas and Mrs. H. Malory planned a very pleasant surprise for William Southwell, the event being in honor of his eighty second birthday anniversary. When Mr. Southwell arrived he was very much surprised and pleased to find a number of friends and relatives, who announced they were going to help him celebrate the important event. A fine chicken dinner was served, the menu including all the good things of the season.

Those present were Mrs. Charles Coultas and daughters, June and Perry; Mrs. Oliver Stainforth and son Charles; Mrs. Ralph Gordon, Mr. and Mrs. Charles Cooper and son Edward; Mr. and Mrs. Bert Coultas, Mr. and Mrs. James Overton.

After dinner all went to the lawn, where a group picture was made. All present joined in wishing Mr. Southwell many more happy birthdays. He is one of the long time residents of the community and is highly respected by all who know him. He is in excellent health for one of his years, which is a gratification to his many friends.

News Notes.
Miss Doll McLaughlin left Sunday for Galesburg to visit friends.

W. E. Mann of Jacksonville was a business visitor here Tuesday.

MEN TELL HOW THEY WERE MADE TO RUN GAUNTLET AT HERRIN

(Continued from Page One.)
 sider it dangerous to send his own men there at the time. Some one has suggested a few uniformed men be sent to Herrin to guard the men in the hospital there. Such a step would be utterly folly. I cannot make too strong a statement concerning the need of troops in large numbers in Williamson county at once. This is the only way to restore order.

William J. Lester, president of the Southern Illinois Coal company said he had been informed that striking miners and their sympathizers expected to make an attack on the hospital where wounded mine employees are being cared for or to spirit the men away so they will be unable to testify concerning the killing of their fellow workmen.

Expressing his intention of again appealing to Governor Small for troops, Mr. Lester said he has received warning that if he attempts to send representatives to his mine or to the hospital, such representatives will be attacked as soon as their identity becomes known.

MONMOUTH, Ill.—Eight hundred members were added to the Warren County Farm Bureau in the membership campaign just recently ended. An additional number is expected this fall when present memberships expire, bringing the total new membership for the year to the 3,000 mark.

BOY SCOUTS PLAN SAFE AND SANE FOURTH

KANKAKEE, Ill.—A safe and sane celebration for the Fourth of July has been outlined in this city by the Boy Scouts and the Y. M. C. A. Aquatic sports and athletic contests have been arranged for the day with an illuminated boat parade on the river in the evening.

Mrs. Anna Benson has returned from a six weeks visit in St. Louis at the home of her daughter Mrs. Carl Summers.

Mr. and Mrs. W. E. Morrow were city arrivals from Alexander yesterday.

SENATOR WALSH MAKES ATTACK ON TARIFF MEASURE

(Continued from Page One.)
 of the assistance that the bloc had rendered in "Doing justice to the farmer."

The farmer, he added, "is in need of all the assistance we can give him thru a tariff or by any other means." He argued that the farm workers were as much entitled to a living wage as the workers in the city whose wages and standard of living he said, had been advanced to a high plane under a protective tariff system. He asked that a comparison of the living standards in the cities and the rural districts be made and declared it was the duty of congress to increase the standards in the country to that obtained in the city so as to give every one a fair trial.

He expressed the opinion that not all of the proposed increases in tariffs on farm products would be passed on to the consumer but asserted that even if they were the city man with a wage ranging "from \$5 to \$10 a day" should be willing to pay out a "few cents extra" each day for foodstuffs so as to enable the farmer to earn a living.

Senator Gooding expressed surprise that an attack on the agricultural schedule had been made by a senator from a state the industries of which he said, had been protected for one hundred years. He said this was the first time that New England had not written the tariff bill because it was the first time that the west had had enough men on the finance committee to give a square deal to the farmer as well as the manufacturer.

CONCORD

The Christian church is being wired for electric lights by an electrician of Chapin. The expense is met by the King's Daughters and sons class of the Sunday school.

The meeting held on Thursday night by Mr. Kendall of Jacksonville, was said to be very interesting to those present.

Mr. and Mrs. George Wood have been visiting relatives in and near Meredosia.

Mr. and Mrs. Vernon Brainer of Corpus Christi, Texas, are visiting at the home of Mrs. Ethelyn Plank.

An ice cream supper will be served on the lawn of the M. P. church on next Saturday night.

Those farmers who finished cutting wheat last week are feeling pretty good.

Miss Volva Brockhouse has returned from a week's stay with her brother near Meredosia.

SEDAN IS RETURNED.

Walter Lynn is again in possession of his Ford Sedan which was stolen a few days since and driven to Centralia. The car was found in a garage there and was only slightly damaged. The number on the engine had been changed in a very clever way, but it was nevertheless possible to identify the car.

JACKSONVILLE 152 MET LAST NIGHT

The regular meeting of the Knights of Pythias, Jacksonville Lodge No. 152 was held last night in the Lodge rooms. The regular business routine and discussion was followed the meeting being the last that will be held during this quarter.

Miss Elmira Wiswell of Grace Chapel neighborhood traveled to the city yesterday.

GENERAL BLACK CONFERS WITH MINERS

(By The Associated Press)

PEORIA, Ill., June 27.—Adjutant General Black was in Peoria today conferring with miners' officials and coal operators on the strike situation in Peoria and vicinity. It was decided at a conference of independent operators that President Farrington would be asked to permit them to re-open. The operators will meet tomorrow to appoint a committee to go to Springfield and take the matter up with the state president. General Black left Peoria tonight.

John Lockhart of Litchberry had business in the city yesterday.

When the Declaration of Independence was written

people were still carrying money bags and paying their bills in cash. It was not until many years afterwards that this practice was discarded in favor of the modern way of paying bills by check.

You may be sure that if Thomas Jefferson, Benjamin Franklin, John Hancock and the others were living today they would follow the modern practice of paying their bills by CHECK.

MISS PAUK BRIDE OF GEO. D. EDWARDS

Marriage of Jacksonville Girl and
Evanston Man Solemnized on
Tuesday Night.

In a quite home ceremony Miss Ethel Pauk became the bride of Geo. Daniel Edwards of Evanston Tuesday evening. The ceremony took place at 7 o'clock at the home of Miss Mary Cloyd of 541 South Diamond street where Miss Pauk has made her home.

Before the ceremony Miss Lydia Hunt sang "Love's Garden of

Roses" and was accompanied by Miss Margaret Curtis. The march from Lohengrin was played by Miss Curtis as the bride entered the parlor on the arm of Mr. Henry Pinkerton.

The ceremony was performed before a jattice beautifully entwined with smilax, ferns and white roses.

The ring ceremony was used, Rev. W. H. Marbach reading the Episcopal service.

The decorations for the whole house were given an elaborate effect in green and white. Candles were used in the lighting of the rooms.

Bride's roses and draperies of tulle were used in the dining

room where green candles shed a soft light. The punch bowl on the porch was surrounded by candles and added to the decorative effect.

The bride's gown was of white georgette with a taffata bodice. She carried an arm bouquet of Bride's roses and Lillies of the Valley.

Only the intimate friends of Miss Pauk and Mr. Edwards had been invited. The ceremony was followed by a reception to the guests, Miss Laura Cloyd, Miss Nellie Pauk and Mrs. Henry Pinkerton assisting.

Mr. and Mrs. Edwards left last night for New York City where they will spend the summer. They will be at home after October 1st in Evanston.

The bride has been an operator for the Belle Telephone Company for five years.

Mr. Edwards is head of the department of science of the new Trier Township High School near Evanston.

The guests from out of town were Mr. and Mrs. Henry Pinkerton, of Bluffs, Miss Nellie Pauk of Chicago, sister of the bride.

A large circle of friends will be sorry to see Mrs. Edwards leave Jacksonville as she is a young woman of very fine spirit who has endeared herself to many.

Mr. Edwards has been successful in professional work and has the esteem of those who know him best.

CHAPIN WOMAN'S CLUB HAD MEETING TUESDAY

Mrs. Edward F. Joy Was Hostess to Club Women and Other Friends Tuesday Afternoon—Other Items From Chapin.

CHAPIN, June 27.—Mrs. Edward F. Joy was hostess to the Chapin Woman's club and a number of other friends Tuesday afternoon. In spite of the heat and dust there were sixteen members present. The roll call was "Name a Plant." Mrs. Annie B. Calloway read a very interesting paper on "The Early History of Chapin and community. Among other things Mrs. Calloway told of entertaining the now famous Dr. Frank Crane in their home when Dr. Crane as a young man preached here. Mrs. O. W. Lough read an excellent magazine article.

During the social hour dainty refreshments were served by the hostess assisted by Misses Angie and Barbara Smith and Helen Sidles.

STRIKE OF 400,000 RAILWAY SHOPMEN SET FOR JULY 4TH

(Continued from Page 1)

sible heads of the various railway systems in the United States and also the Pullman company, most of which are represented in the association of railway executives, that unless an immediate arrangement can be made:

"1 To continue the payment of the wages at present in force;

"2 To restore operation under rule six, 10, 12, 14, 15, 46, and 177, as they existed prior to the amendments thereof proposed in decision 222; and,

"3 To discontinue the contracting out of work and shops, pending negotiations between the Association of Railway Executives and the Railway Employees department, looking toward adjustment of the existing disputes upon these questions, a sanction of withdrawal from employment on July 1, 1922, as voted by the employees, will be unavoidable."

The three points on which the executives are asked to meet the employees' demands are identical with the three questions on which the unions are now completing their strike ballot.

The fire department was called to the residence of Mrs. Margaret Sweeney 228 West College avenue at 1:20 o'clock this (Wednesday) morning where fire had started in a board fence.

A quantity of broken limbs were piled against the fence and firemen were of the opinion that someone had accidentally thrown a match or cigar into the brush. But little damage resulted. However, had the blaze not been discovered it might have resulted disastrously as a barn and two garages were close by.

Cooks and Operates Like a Gas Range
Makes Gas from Kerosene

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil. The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed. The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It

all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking. You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself. Let us show you this stove. Note how well it is made—"A Beauty," you will say.

CELEBRATED GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. W. E. Gordon Observed Day Tuesday—Also Seventieth Birthday of H. L. Gordon.

Yesterday the 50th wedding anniversary of Mr. and Mrs. W. E. Gordon was celebrated at their country home west of the city. It was also the occasion of Mrs. Gordon's 69th birthday, and Mr. H. L. Gordon's 70th birthday. The reunion was unique because of the fact that all of the nine children were present, all of the grand children and great grand children, in addition to all of Mr. Gordon's brothers except one. The guests also included the cousins, all of whom were present, and a few life time friends of the family.

The dinner was served on the lawn beneath the wide spreading maple trees which appropriately typified the sturdy growth of the Gordon family during the fifty years. An excellent country dinner was given. A feature of the dinner was the two birthday cakes, one for Mr. Gordon and one for Mrs. Gordon, which were placed on the table with the candles glowing in commemoration of the long years of usefulness lived by this well known and honored couple.

While the candles were burning a beautiful poem in honor of the golden anniversary was read by Mrs. Margaret Heaton, and Mr. J. H. Campbell sang the verses and chorus of Auld Lang Syne. Mr. Campbell had the honor of being the oldest guest present.

During the table talks is developed that Mr. J. B. Gordon had investigated in his diary and had discovered that 29 years ago today Mr. W. E. Gordon was replanting corn, and that the corn matured and gave a reasonably good yield. This fact would indicate that there have been more discouraging seasons for corn than this.

The program of the afternoon included horse-shoe pitching contests, in which J. I. J. B. and H. L. Gordon won the honors. A base ball game was staged between the married and the single men, resulting in a victory for the single men, 15-14. The batteries for the married men were E. Ranson, G. Ranson, C. Jewsbury, and J. Heaton; for the single men, M. Gordon and R. Heaton. Just before the departure of the guests Mr. Edwin Gordon, formerly a student at the Illinois Conservatory of Music sang several songs in his usual pleasing and impressive style. It was a day long to be remembered by Mr. Gordon and the happy guests.

There are forty-six members of the immediate family, including the nine children, their husbands and wives, 22 grand children and 3 great grandchildren. Those present were: Mr. and Mrs. F. H. Jewsbury and family, Claude H. Jewsbury and family, Mr. and Mrs. J. G. Heaton and family, Mr. and Mrs. E. A. Ranson and family, Mr. and Mrs. Denby Ranson and family, Mr. and Mrs. Gail Ranson of Springfield, George H. Gordon, Mr. and Mrs. Allen Gordon and son, W. E. Jr., of Otranto, Iowa; Mr. and Mrs. Thomas Dodsworth, Mrs. J. C. Wolke of Owatonna, Minn.; Mr. and Mrs. Edwin A. Gordon of Oermann, Mo.; Miss Virginia Gordon of Chicago; Mr. and Mrs. H. L. Gordon, Mrs. Mabel Heaton and Children, Mr. and Mrs. H. S. Gordon and son, Mr. M. D. Gordon of Cleveland, Ohio; Mr. J. I. Gordon of Illiopolis, Mr. and Mrs. J. B. Gordon and daughter, Mrs. Margaret Heaton, Mrs. Winnifred Harris, Mrs. Frances Berry of Winchester, Mr. and Mrs. J. H. Campbell and daughter, Carrie and Mr. Ed Morris' family.

W. C. T. U. Meets

The local W. C. T. U. chapter met yesterday afternoon at the home of Mrs. Anthony Brannon on East College street. Mrs. Brannon is president of the chapter and also had charge of the program of the afternoon, which included some interesting features. Practically all present participated in a general discussion which came at the close of the program. The hostess served delicious refreshments before her guests departed.

Entertained at Dinner.

Mrs. Belle McLaughlin of South Main street entertained at a dinner party last evening for Mrs. Jackson and daughter of Omaha, who are visiting Mr. and Mrs. John Rose. A limited company of friends was present and the occasion was enjoyable in every way.

Plan Picnic for Tonight.

A number of young people are planning a picnic supper tonight in honor of Miss Garneda Phelps who is leaving for a stay of two months in Old Mission, Michigan. The members of the party will motor to Nichols Park for their supper. The company will include Wayne Barton, Garneda Phelps, Harriet Six, Catherine Wetzel, Mr. and Mrs. Otis Haney, Mr. and Mrs. Clarence Seigrist, Dewey Gillis, Jim Woods, Harold Hunter and Kenneth Barton.

Amoma Class Enjoyed Picnic.

The Amoma Bible class of First Baptist church held a birthday social Tuesday evening at the home of Mrs. Harry Kitcher on the Mound road. A picnic supper for which generous preparations had been made was served on the lawn, and afterwards came an informal program under the general direction of the pastor, Rev. A. P. Howells.

Miss Carrie Spies led in mass singing and appropriate talks were made by Rev. Mr. Nicholson, a former resident, Charles H. Story and Dr. G. H. Kopperl. A special feature of this program was the presentation by the class of a birthday gift to Mrs. A. B. Williamson, who for a period of years has been the faithful teacher of the class. Mrs. Williamson made the presentation in well chosen words, and Mrs. Williamson voiced here sincere appreciation, both for the gift and the kindly feeling which it represents.

The program closed with singing of "Blest Be the Tie That Binds." In all details the occasion was one which the members of the class and their families will long remember with pleasure. Members of the committee which arranged for the event included: Mrs. Charles H. Story, Mrs. Walter Mumbower and Mrs. Daniel Barton.

Had Picnic at Park

Members of two classes of the First Baptist church Sunday school to the members of thirty-six enjoyed a picnic last night at Nichols park. The girls of Mr. O. N. Barr's class and the boys taught by Arthur Howells made up the picnic party. There was a bountiful picnic supper and then came a time spent with various outdoor sports. It was a very pleasant social event.

MISS MILLER WILL WED MR. PHILLIPS TODAY
The marriage of Miss Willa Miller and Mr. Wood Phillips will be solemnized this evening at the home of Mrs. S. M. Miller, 6 Duncan Place. The prominence of these young people makes the marriage a social event of importance.

Among the relatives of Miss Miller and Mr. Phillips here for the wedding are Mrs. J. H. Osborne, Chicago; Mrs. F. W. Robinson, Mrs. Louise Daniels, Warrensburg, Mo., Rev. and Mrs. W. S. Phillips, Carlville; Mr. and Mrs. Frank Phillips, Monmouth, Mr. and Mrs. William Preston Phillips, Chicago.

IMPROVING JEFFERSON HOTEL BUILDING

Extensive improvements are being made in the Reich building on Illinois avenue, formerly known as the Jefferson hotel. The building has been leased to Mrs. Davenport, who has for several years successfully managed the Park hotel property. Mrs. Davenport is expecting to remove to the new quarters just as soon as the improvements have been completed by Contractor Goveia.

IMPROVEMENT BOARD HELD CONFERENCE

Various Betterments Projects Discussed at Meeting Yesterday—Status of Improvement Plans Explained.

Members of the board of local improvement held a conference Tuesday afternoon. More than two hours were spent in talking over improvements prospects. City Attorney Bellatti was in conference with the members of the board, who are Mayor Crabtree, City Engineer Henderson and P. J. White, superintendent of streets.

The board has taken action with reference to a number of proposed improvements, the program including pavements, side walks and sewers. The facts relating to the status of each separate project were discussed. The initial proceedings for several of the improvements were dismissed for one cause or another, and other proceedings have been instituted.

The College avenue public hearing is scheduled for Monday afternoon, July 3. The petitions for North Main street and for East State street improvement No. 4, extending from the railroad to Johnson street, have filed. The proceedings for East State street improvement No. 3, which proposes a pavement from Johnson street to the city limits, is in the process of preparation.

In the case of the Morton avenue pavement the ordinance is ready. It is proposed by this piece of paving to connect up the hard road with the Hardin avenue pavement.

The estimate has been made for the West Court street pavement from Church to Fayette streets. The engineering department is also at work preparing for the East College avenue pavement to extend east from South Main street. A water main is to be laid from Church street to the plot of the 211 Bridge Co. and from South Mauvaisterre street to the Snyder ice plant. In both of these instances the work will be done without public improvement proceedings, the property owners agreeing to this program.

Sewers are in prospect for parts of Howe, North Diamond Anna and Edgmon streets. An effort is to be made to put a water main on South Mauvaisterre street, the sewer having been previously provided.

Sidewalks are in prospect for a great many streets. Notices are sent out and the property owners are given 30 days for complying. If the work is not done within that period the city will do the work and take judgment against the property.

TWO COLLISIONS OCCURRED TUESDAY

A car driven by Fred Wingler of east of the city collided with a wagon loaded with hay belonging to Ed Phillips. The two front wheels of the auto were broken and all of the wheels of the hay wagon came off dropping the loaded body to the ground. No one was injured.

Last night the Franklin car belonging to Dr. W. B. Young and a Ford sedan driven by J. H. Richard collided at the corner of Park street and West College avenue. Only slight damage was done to the Young car but the fender and running board of the Ford were broken. No injuries resulted to any of those concerned.

FARMER HAS NARROW ESCAPE FROM DEATH

M. T. Welch of the Buckhorn neighborhood had a narrow escape from death Tuesday morning when a team he was driving became frightened and ran away.

Mr. Welch had the team hitched to a binder at the time. The animals ran into the fence and Welch was thrown to the ground. Fortunately he did not fall in front of the knives of the binder and escaped injury aside from a severe shaking up. The binder struck the fence and was totally demolished.

HEAVY PENALTY FOR AUTO THIEVES

Judge Samuel gave a severe penalty yesterday to Raymond Floyd and Glover Pollard who recently stole the Drury car and drove it to Pleasant Plains. Sentence was passed providing 10 days in jail and a fine of \$200.

This will mean several months of confinement unless the fines and costs are paid. The court evidently felt that there have been so many recent cases of auto theft that a stiff penalty would furnish something of an example.

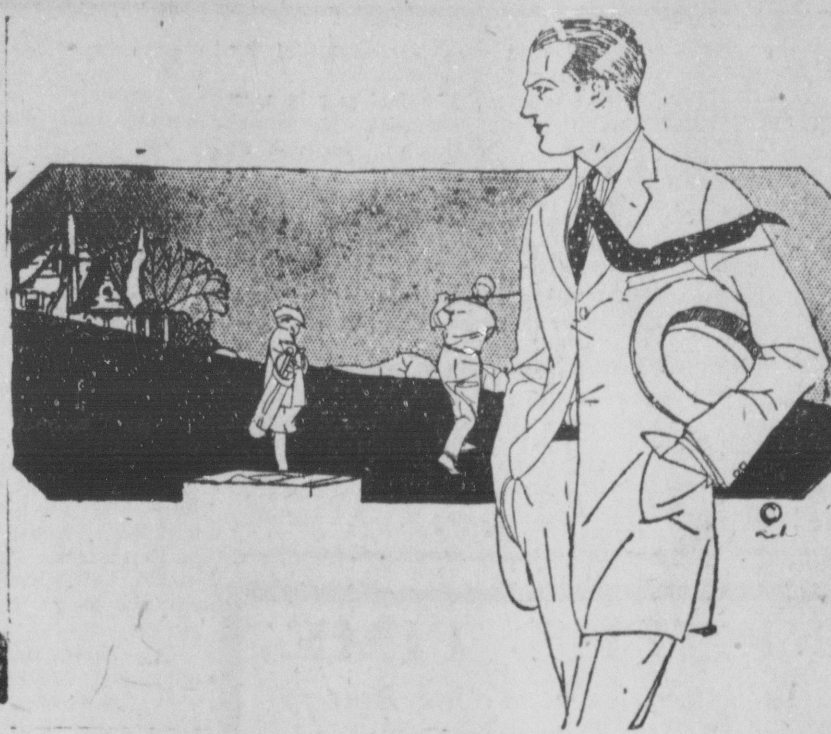

TWO SUITS FILED

The J. L. Case Threshing Machine Co. yesterday filed a suit in the office of Circuit Clerk Wanamaker against L. Z. and Eu-Virgin, an indebtedness of \$1,867.50, the amount of a note given in payment of a threshing machine is the basis for this action, the company being represented by Harrington Wood of Springfield.

A suit on a note was filed by Mrs. Alice Robbins against Alva Reesport. The complainant's attorney is Carl E. Robinson. The amount which Mrs. Robbins claims past due is \$2,000.

CARDINALS WIN AN EXTRA INNING GAME

Defeated Cincinnati After Twelve Innings of Play—Bases on Balls and Strikeouts Feature Game.

ST. LOUIS, June 27.—Tying the score in the ninth after Hargrave's home run had put the Reds one run ahead, the Cardinals today defeated Cincinnati in 12 innings, 9 to 8. Gainer's double and Schultz's sacrifice accounted for the winning run. Daubert also hit a home run in the first inning. The game was replete with bases on balls, and strike outs, both teams having ten walks and twenty strike outs.

OLD JACKSONVILLE

THE HON. WM. OREAR

(BY ENSLEY MOORE)
Member Illinois State Historical Society

Two of our earliest real pioneers were William Orear and William Thomas. They were both State Senators; Orear was a Sheriff and Thomas was a judge. They were stalwart, active, hard workers, and upbuilders. Few of the present citizens of Morgan county can realize the value of these two men to our county. Judge Thomas has already been noticed in these sketches.

William Orear was a native of Frederick county Virginia, where he was born December 24, 1795. His father was Benjamin Orear, likewise a native of "the mother of Presidents," where he was born in 1768. Benjamin's father was born in Virginia, but his father was a native of Bordeaux, France, and a pioneer of Washington's state.

Benjamin Orear, at an early age became the husband of Miss Elizabeth Irwin, daughter of William Irwin, a Pennsylvanian, who soon removed to Virginia. Mr. Irwin's ancestors were Scotch.

Benjamin Orear and his wife became the parents of ten children only two of whom attained great age, and "Uncle Billie" was the first born of that goodly family. Soon after his marriage Benjamin Orear emigrated to Clark county, Kentucky, with his wife and infant son, settling shortly after at Boonesboro, where Daniel Boone the great pioneer had found a dangerous location.

Benjamin Orear and his little family came down the Ohio, from Pittsburgh, in a small flat boat, and landed in Kentucky at a place afterwards called Limestone.

There was a life of privation and dangers. This may have been a force in leading Mr. Orear to come to Morgan county, about 1834 or 1835, and he and his wife made a home at the house of their son William. There Mrs. Orear died in 1836. Mr. Orear survived until 1862, at the house of his son George B., east of here.

Two brothers of William Orear grandfather of the Hon. William Clark in his expeditions against the Indians in Illinois, Wisconsin and Missouri; returning to Virginia.

Our Hon. William had few educational advantages, but like many other able men, he availed himself of what opportunities he had, and became a well informed man, which, with his good sense and ability made him a power in this region. So, that he became noted in politics and in business. He was one of our wealthiest farmers. He taught school a while in Kentucky, and for two years in Missouri, before coming to Illinois.

Marries.
Mr. Orear, at the age of thirty years, became the husband of Miss Maria T. Sawyer, daughter of Daniel Sawyer, a native of New York state, and his wife who was born in Connecticut.

Mr. Orear met his wife in Indiana, at Petersburg, but she was a native of North Carolina. They were married March 18, 1825, and on April 13 settled in Morgan county.

Mr. Orear secured some government land and extended his holdings as he could, until he became one of the largest and holders; and in that connection

became a large stock raiser. He became President of the Jacksonville National Bank, and was, as stated above, an early day politician for years. He was a Whig and personal friend of Henry Clay. He afterwards became a Republican, and was an earnest supporter of the Union. He, in his young days served in the Black Hawk War.

Mr. Orear was the father of three children, two dying early. Mrs. Orear died July 22, 1830, and Mr. Orear remained single until November 17, 1846, when he

Married a Second Time.

This bride being Miss Lena M. Eades, daughter of Horatio H. Eades, formerly of Bourbon county, Ky., but latterly of Morgan county. Their ancestors were English. Miss Eades was of patriotic Revolutionary family. Sergeant Champ being a relative. Mr. Orear was a patron and Trustee of Illinois Woman's College.

Both Mr. and Mrs. Orear were Strong Methodists.

Mrs. Orear survived her husband, and was very active in public benevolent work. In her latter days she married Judge William Thomas and also survived him. Mr. Eades Lusk was a nephew of Mrs. Thomas.

When Mr. Orear and his first wife came to Illinois, from Indiana, they came on horseback; and he carried his wealth in his saddlebags. They prospered, and he had to have a bank to deposit in.

The second wife, as stated above made good use of the means left to her, notably in the Y. M. C. A.

It is many years since they passed on, but lived to a good old age and entered into their rest.

It should have been stated before that Mr. Orear's home in Morgan county was northeast of this city, while on the farm; but his last years were spent in a large residence on South Clay avenue.

Mr. Orear died April 29, 1876. Mr. George B. Orear, last of the pioneer family, and a leading farmer passed on, in February, 1889. He was the father of Thomas B., and Frank Orear, well known here.

HAVE RETURNED HOME.

Mr. and Mrs. Charles F. Burdick and son Charles and John Burdick of Chicago and Mr. and Mrs. Robert Burdick and baby of Decatur have returned to their homes after visiting in the city and attending the 50th wedding anniversary of Mr. and Mrs. C. S. Burdick.

FORMER RESIDENTS HERE

Payton Perry and family and Menzies Large motored from Kalamazoo, Mich. and are visiting at the home of James Large on East Washington street. Mr. Perry was formerly in the grocery business in the building now leased to the J. C. Penny Company.

Mr. R. E. Morris of Danville has recently visited the Cloverleaf home office. He is the industrial superintendent for the Cloverleaf Company.

**Vacation Time--
Accident Time**

Are you going to take a trip this summer? If so, beware of the accidents. From now on the papers will begin to chronicle the accidents, which will increase in number as the season goes on. Summer time, vacation time, always means more accidents.

A little, old accident policy costing a very few dollars, will give you a great big amount of satisfaction, in knowing that if something slips up on your blind side, your policy will pay the doctor, the hospital, and maybe the undertaker.

These policies cover any ordinary injury and can be bought for a short term or a long term, to cover your trip. A telephone call will bring you the information you want.

Serving a Food
Empire with
Petroleum

IN maintaining its extended and thoroughly organized system of distribution, which reaches every farm in the 10 Middle Western States served, the Standard Oil Company (Indiana) is rendering a distinct service, not to the agricultural district interests alone, but to all the people.

The importance of this service may be visualized when it is known that

48% of the wheat
65% of the oats
53% of the corn
41% of the hay

grown in the United States during 1921 came from this territory.

The farmers of this great area (approximating that of Great Britain and Ireland, France, Spain, Portugal, Italy, Holland, Denmark, and Germany combined) use large quantities of petroleum products in producing this vast amount of food stuffs.

They have come to depend upon the regular visit of the dark green tank wagon of the Standard Oil Company (Indiana) to supply their needs.

Power-driven machinery is essential to modern farming operations, and it is the responsibility of the Standard Oil Company (Indiana) to see to it that the gasoline, kerosene, and lubricating oils and other petroleum products are in the hands of the farmer when he needs them.

To render this service requires an enormous organization of highly trained men under efficient management. It requires a tremendous capital investment; refineries; bulk service stations; tank wagons; and service stations to cope with the need of supplying an agricultural area of the size and importance of these 10 Middle Western States.

In undertaking the responsibility of supplying the needs of the farmer for petroleum products, the Standard Oil Company (Indiana) has assumed a job of magnitude and importance.

Because it knows that its organization will not break down under stress; that its facilities will enable them to meet the demands made upon it; that its personnel has a deep interest in seeing that every manufacturing and distributing schedule is maintained, the Company is able to guarantee an adequate and sustained service.

PRICE OF WHEAT

CLOSED STRONGER

By Associated Press.

CHICAGO, June 27.—Disap-

pointing threshing returns to-

gether with enlarged export and

milling demand had a decided

bullish effect today on the wheat

market. Prices closed strong,

2 1/2¢ to 3 1/2¢ net higher. July

\$1.14 to \$1.14 1/2 and Sept.

\$1.15 to \$1.15 1/2. Corn gained

2¢ to 3¢, oats 1¢ to 2¢, and pro-

visions 2 1/2¢ to 3¢.

Adverse threshing reports

came chiefly from Indiana, Ohio,

Missouri and Nebraska, and

were much more numerous than

has been the rule heretofore this

season. Coupled with this circum-

stance was the fact that farmers

seemed to be offering new wheat

in only a sparing manner, recent

declines having apparently car-

ried prices too low to be any

great incentive. Unusual absence

of selling pressure led shorts

early to anticipate an upward

swing in the market. Active bid-

ding on their part was soon ac-

celerated by efforts by exporters

to obtain both hard and red win-

ter wheat here and by competi-

tion from millers with No. 2

grades commanding 1¢ premium

for immediate delivery as com-

pared with July.

Gossip that but little of the

wheat taken in on May delivery

here remained unsold tended fur-

ther to encourage bullish senti-

ment. Besides, foreign exchange

rates were firmer, and reports

that black rust was spreading in

Minnesota were current near the

end of the session. The close was

at practically top prices of the

day.

Dry weather complaints from

parts of Iowa and Illinois were

bullish factors in the market for

corn and oats. As in the case of

wheat, offerings were light.

Higher quotations on hogs

help helped to lift the value of

provisions.

MAKING PLANS FOR CHICAGO CHILDREN

Suggestions Made By Social Service League For Those Who Are to Entertain Visitors.

As preparations are under way for the coming of a group of children from Chicago, Miss Fowler of the Social Service League has called attention to the following suggestions made by the United Charities of Chicago. The suggestions were issued under the heading "Responsibilities and Rewards"; Some hints for the hosts of Fresh Air Children:

Children are children the world over. Careful training and nurture make much difference in their conduct and the absence of these advantages often develop unpleasant traits of character. But, after all, it is the very rare child who has not a warm heart and a large fund of affection hidden beneath an unattractive exterior.

Sometimes children are unruly and mischievous. Some have grown up without the restraint of wise discipline. Some are ungrateful and faultfinding.

Children are inclined to boast when away from home, and those sent on "Summer Outings" are no exception. Many stories of what they have at home, and the good times they have enjoyed, have no basis than a desire to outshine their fellows or to conceive the painful facts of their wretched poverty. Some do not fully appreciate the value of soap and water. You have known children similar to these who have had good home influences.

Many of the children have had a very inadequate rearing but you will be able to discover in many unexpected ways that your kindness is appreciated by each one of them. Some will show their happiness from the start, others later, and each in a different way. A recognition of these simple truths will often help the host to get over some "rough places" with the little guests.

But whether your guests are won over first or last be sure to give them plenty of freedom and air. That helps a great deal. Threatening seems to do little good, whereas an appeal to their own sense of right and wrong may easily win their hearts. You will find that kindness and firmness combined will work wonders. Despite the possibility of your

securing a child or children who may have objectionable traits of character, which may try your patience and your self-control, you will not join in the work and send for as many as you can, realizing what the outing means to the children themselves.

Many of the children will bring nothing but sunshine, but if difficulties should arise, confer with your local committee. Your co-operation will be heartily appreciated.

CHINCH BUGS NUMEROUS IN SCOTT COUNTY

An inquiry came to the local farm bureau this week from Guy H. Husted, farm advisor of Scott county, regarding the available supply of creosote for fighting chinch bugs. The pests are so numerous in that county that special measures are being taken to get rid of them.

In using creosote a ridge is made and the creosote spread on top of this ridge, the odor check-

The correct answer to Mr. Edison's question:

"What is Grape-Nuts made of?"

Answered by the makers of Grape-Nuts

THIS is one of a number of questions which Mr. Edison is putting to applicants for an important position in his organization. We are happy to learn the interest shown in the food, Grape-Nuts, by a man of such broad attainments as Mr. Edison.

There has never been any secret about what Grape-Nuts is made of. It has been on the market for 24 years, and practically everybody knows its composition.

But inasmuch as such a simple, everyday question as "When did Columbus discover America?" is often incorrectly answered, it may be well to take this opportunity to restate the following facts about Grape-Nuts:

Grape-Nuts is a highly nourishing cereal food, made from a mixture of whole wheat flour, malted barley, salt and water. The mixture is raised by yeast, baked in loaves, then sliced, further baked, and then crushed into granules.

No food in the world is so thoroughly baked as Grape-Nuts. More than 20 hours are consumed in the various baking processes.

As every diet expert knows, this long baking brings about conversion of the carbohydrate elements, developing dextrin, maltose and dextrose or grape-sugar—a form of sugar to which all starch elements must be changed before they can be assimilated by the system.

Grape-Nuts when eaten does not form a pasty mass difficult to digest—the 20-hours baking makes this delicious food easily digested by even those with the most delicate stomachs; and the character of the food requires thorough mastication.

Grape-Nuts is a well-balanced food for building bone, tooth and nerve structure. When combined with cream or milk, it is admittedly a complete food.

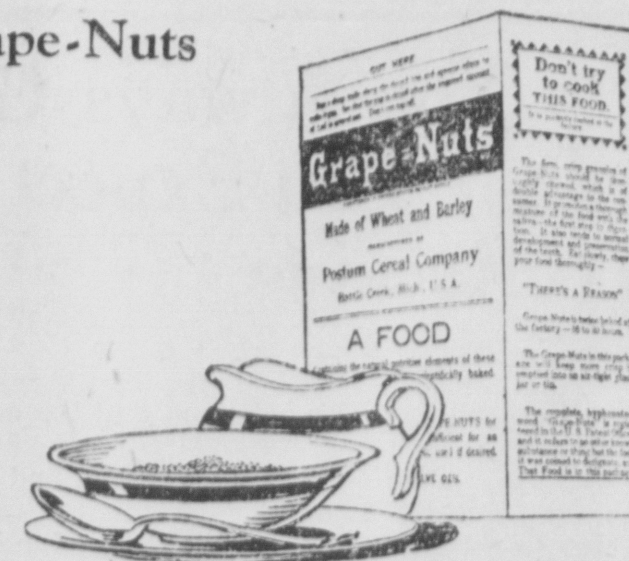

You will find Grape-Nuts everywhere. At your grocer's, your club, your hotel, your restaurant.

In America, where you don't find Grape-Nuts
you won't find people.
